## **VIRTUAL CONCERT**

**This year we will have a “virtual” or pre-recorded concert. This is actually our fifth Festival in which we have formally arranged to have online concerts. This was one of the effects of COVID, but the ability to have these concerts has also opened new opportunities, such as having student participants from out of state.**

**These concerts are every bit as important as our live concerts, and include students of equal ability to those found in live concerts. In this Festival, about one out of 7 students chose this route.**

**Our virtual concerts will become available in April 2026. It will be available, thereafter, for a very long time. Please note that live concerts will be video-recorded as well, and will be available (via YouTube) for the future as well.**

**VIRTUAL CONCERT. This concert will be available on YouTube in April 2026, not necessarily in the order presented here.**
